

## Netcare South Africa

Hospital and trauma services

Ancillary healthcare services

Netcare operates the largest private hospital group in South Africa consisting of 68 hospitals<sup>1</sup> and same day surgical units with 9 046 registered beds, 358 operating theatres and 82 retail and hospital pharmacies. Netcare's wholly owned subsidiary Netcare 911 operates the largest private emergency service with over nine million members and a fleet of over 500 contracted and owned response vehicles and ambulances, three helicopters and three fixed-wing air ambulances. Netcare has invested in a primary care network of 106 centres through its 100% ownership of Medicross and Prime Cure (wholly owned subsidiary of Medicross) and diagnostic services through a 50% interest in Ampath, a nationwide administration and logistical services infrastructure servicing 300 high-tech pathology depots and laboratories. Netcare has a 43,75% interest in Community Hospital Group, which operates six hospitals in South Africa.

Year ended 30 September 2006
